

AGENDA --- 16 August 2023 Milford Cemetery Trustees

10:00 a.m. Call-to-order

Introduction of Trustees & Guests

OLD BUSINESS:

- 1) Progress - 50 Spigot Water Distribution System, Riverside Cemetery
 - a) contract awarded?
 - b) 50% payment for materials, stipulated on the winning contract bid?
 - c) construction progress?
 - d) difficulties?
 - e) Director DPW or Parks & Cemeteries Foreman approval?
- 2) Discussion concerning stump removal and/or grinding
 - a) reason: avoid destruction of occupied grave sites or preventing burial in assigned grave sites
 - b) triangle stump removal in preparation for possible Columbaria

Other Old Business?

NEW BUSINESS:

- 1) discussion for interment of deceased indigent Milford resident cremains in a discreet vessel but a common vault ~ structure.

- 2) Town Responsibility NEW CEMETERY - BROX PROPERTY - Discussion

CURRENTLY: According to the Parks & Cemeteries Foreman, the Riverside Cemetery is about 8 to 10 years from being fully subscribed - at current rates of demand. The CTs, in conjunction with the Foreman, have been doing some preliminary investigation. Some of the information, seems to indicate an involved, long-term process and full body burial might not be possible at the intended location. Since we have no certainty, we thought we would begin asking what the appropriate role is for we CTs and how we might be of assistance.

- a) How advanced is the planning, engineering, funding, budgeting, permitting, Alteration of Terrain permit cycle is our Town?
- b) extend the life of Riverside Cemetery with Columbaria? Plan for Veteran's Grove with scattered cremains and memorial plaques? (Allows the use of the SAME land repeatedly and tastefully)
- c) challenge grant of matching funds for the first Columbarium and funds to assist with the site-work, if necessary. Funds to be recouped through sales and fees.
- d) begin the adjustment process for the fees for interment(s)

OTHER NEW BUSINESS:

APPROVAL OF MINUTES:
