Town Administrator Mark Bender indicated a meeting was held with Milford Lumber representatives which included he and Selectman Putnam who also felt there were good conversations which included that there are issues with both Planning and Zoning departments and the Building Inspector. The objective of the conversation was regarding the building inspector, but those issues had already been addressed. Mark Bender said if builders, contractors and the like are having problems with Community Development, people need to contact Mr. Bender so that he can get the story first hand. Some comments were made about both zoning and planning and they have since talked to Lincoln Daley. An evening training session was given that Robin attended so she can assist the ZBA. Mr. Bender said we will monitor this and see where it goes from here.

The Nixel people have agreed to a six month trial period and there will be additional training for the new aspects of the program which costs \$3,000 going forward; the town will then be able to use more of Nixel's features.
