Request to Postpone Initial Planning Board Hearing**

To the Board,

We request that the Planning Board postpone the initial hearing for this case so that the MCC can meet at a regularly scheduled meeting to review the plan. Our March 14 meeting doesn't allow adequate time to respond prior to the Planning Board hearing scheduled for March 19.

The MCC members have comments regarding the design and layout that we would like the Planning Board members to consider as they review the Rashid Gas Station plan and application. And we would like to provide information for the Planning Board to consider so that this is the best design that protects the natural resources that will be impacted by this project.

Respectfully  
Chris Costantino for the Milford Conservation Commission

Hi Terrey,

I was certain that I sent this to you. I can't find that I did after you requested that I do so. Please see the attached.
