

On a unanimous vote the members of the town BAC I have been requested to write this letter to John Shannon, Town Administrator and each of the selectmen.

At our meeting Tuesday evening December 14<sup>th</sup> our committee continued our discussion of "127 Elm Street" that was begun the week before when Arene Berry presented the Recreation Dept. budget. I shall not bore you with the historical data which you appear to understand. I will remind you however that when we first took on this project back in 2015-2016 it was with the understanding that this would be a 10 year project and that we would not drag our feet as we have done on other projects in this town (ie. Brox Property). That discussion has been ongoing for 20+ years.

Our responsibility as a committee is to serve in an advisory capacity to the Board of Selectmen. Our 9 members take this very seriously and we study each year's budget very carefully. In most cases we support the Board of Selectman's decisions. In this case we "DO NOT". We voted unanimously to request the BOS to support this year "127 Elm Street". Our rationale for choosing this year is that it is somewhat a lean year money wise. Neither the dispatch center nor a new library are on the docket as in previous years. If we wait several more years as was suggested at one of the earlier BOS meetings, we already are aware of major big ticket items coming in 2023 and 2024 and onwards.

We are fully cognizant that the report from the Turner group regarding razing the building at "127 Elm Street" has not been delivered to the town as of this date. According to Lincoln Daley Tuesday evening we are expecting it at any moment and probably it will be here by the first of the year.

Thus here is our suggestion. In the past when the BOS has been creating their budget and they do not have an exact figure they create a "Place Holder" in the budget with a \$ sign and nothing more. That could be done very easily. We have seen it done countless times in the past by the BOS. During this time the BOS could put out "feelers" to get quotes for razing the building. A figure of about \$400,000.00 was bantered around Tuesday evening. We feel that may be an exaggeration.

Another possibility might be to put it in the budget and allow the towns people to make the decision. After all it was the people who originally donated to the project in 2015-2016 along with various corporations and foundations. Wouldn't it be nice to give them a say in what they want for this town, rather than eliminating any chance for input by the voters!

Christopher Pank

Chairman, Budget Advisory Committee
