PROBATIONARY EMPLOYEES

The probationary employees covered by this Agreement shall be as follows:

1. Full-time Patrol Officers

- a. If a full-time Patrol Officer has not attended the Police Academy, that Patrol Officer's probationary period shall be one (1) year from date of hire.
- b. If a full-time Patrol Officer has attended and graduated from the Police Academy prior to beginning employment with the Milford Police Department, that Patrol Officer's probationary period shall be six (6) months from the date of hire with the Milford Police Department.

ARTICLE V

DEDUCTIONS

1
2
3
4
5 A. The Selectmen agree to deduct dues for Local 3657 of the American Federation of
6 State, County and Municipal Employees, AFL/CIO from the wages of bargaining unit
7 employees if said employees individually and voluntarily authorize such deductions
8 in writing to the Selectmen. Deductions shall be made on a bi-weekly basis and sent
9 monthly to the Treasurer of Local 3657. The Union shall inform the Selectmen
10 annually during the month of December of the correct name and address of said
11 Treasurer and will certify in writing to the Selectmen the forthcoming rate of dues for
12 the next calendar year.

13 B. If any employee who has voluntarily authorized the deduction of dues has no check
14 coming or if that employee's check is not large enough to satisfy the dues, then no
15 deduction will be made. In no case shall the Selectmen collect or attempt to collect
16 fines and/or assessments for the Union beyond the regular membership dues.

17 C. Any employee who wishes to have the Selectmen discontinue the deduction of dues
18 may do so provided such employee notifies the Director of Human Resources of that
19 employee's desire to discontinue deductions within the thirty-day (30) period
20 immediately preceding the annual anniversary date of the contract. Therefore, since
21 the anniversary date of the contract is April 1st in any year, then an employee who
22 desires to have the deduction of dues discontinued must notify the Director of
23 Human Resources during the thirty-day (30) period immediately preceding April 1st in
24 any year during the term of this Agreement.

25 The Union agrees to post a notice on the bulletin board immediately preceding the
26 annual withdrawal period referred to in the preceding paragraph advising all
27 Bargaining Unit employees that they may discontinue the deduction of dues by
28 notifying the Director of Human Resources during said thirty-day (30) period. If the
29 Union fails or neglects to post such notice, then, notwithstanding the provisions of
30 the preceding paragraph, the discontinuance of the deduction of dues may be made
31 during the thirty-day (30) withdrawal period and any time after the anniversary date
32 of the contract.

33 The Director of Human Resources will notify the Treasurer of Local 3657 in writing
34 within fourteen (14) days of the cancellation of a dues deduction authorization by an
35 employee who has previously signed an authorization for such deduction.

36 D. Should there be a dispute between an employee, the Union and/or the Selectmen
37 over the matter of deductions, the Union agrees to defend, indemnify and hold the
38 Selectmen of the Town of Milford harmless in any such dispute.

39 E. Nothing in this Article shall be interpreted as requiring membership in the Union or
40 the deduction of dues by any bargaining unit employee.

- A. Employees covered by this Agreement shall be compensated according to the following.

- B. It is acknowledged that this Agreement does not contain the traditional step wage system but reflects a merit-based pay grade structure which provides for compensation commensurate with an individual member of the Bargaining Unit's level of expertise and responsibility. Under this system and effective with this Collective Bargaining Agreement, pay grade will be determined by a minimum level of full-time experience combined with demonstrated proficiency for the level/pay grade sought by the individual. This proficiency will be measured by the ability to carry practical job-related factors and written examination materials. The new pay grade structure will be comprised of the following: *(please refer to the following page)*

2. In accordance with the Fact Finder's Report dated March 31, 2006 all new positions added to the bargaining unit after said date shall not be subject to the 4-3 schedule set forth in Article VII A.1. above. Rather, the Town shall have the right to configure the schedule of the new positions as it deems appropriate, providing that said schedule allows for two (2) consecutive days off and that the total annual number of scheduled hours worked, not including overtime hours, does not exceed the total number of scheduled hours worked by employees on the 4-3 schedule.

3 **SENIORITY, LAYOFF AND RECALL**
4
5

6

8

- 9 1. **Department seniority**, which shall be determined by an employee's total
10 time of continuous full-time employment in the Milford Police Department.
11 2. **Job classification seniority**, which shall be determined by an employee's
12 continuous length of full-time service in the job classification of Patrol Officer's
13 grade within the Town of Milford Police Department.

14
15 B. Newly-hired probationary employees shall not be covered by this Agreement until
16 they have completed their probationary period as defined in Article IV and have
17 become permanent full-time employees, at which time their seniority shall be
18 computed from the date of their original hire.

19 C.

- 20 1. In the event of a formal layoff specifically designated as such and authorized
21 by the Selectmen in any of the job classifications set forth in Section A.2.
22 above, employees with the least job seniority in that classification shall be laid
23 off first and assigned to the next lower job classification, if any, for which they
24 have the necessary qualifications.

25 However, a laid off employee shall not be assigned to any such lower job
26 classification unless that employee has longer department seniority than other
27 employees in the lower job classification. If an employee is assigned to work
28 in a lower job classification on a permanent basis, said employee shall be
29 compensated at the wage rate assigned to that lower classification.

30 Displaced employees in the lower job classification shall have the same rights
31 of reassignment as set forth in this section to other lower job classifications, if
32 any, provided any such displaced employee has the necessary qualification to
33 perform the reassigned lower job.

- 34 2. In the event of a recall to work after a formal layoff, notices of recall shall be
35 sent by certified or registered mail or telegram to such employees who are
36 available in the inverse order of their layoff and who, in the opinion of the
37 Selectmen, have the necessary qualifications to perform the work required.
38 Such notice of recall shall be sent to the qualified employee's last known
39 address as shown on the Town records. The recall notice shall state the time
40 and date on which the employee is to report back to work.

In the event a recall is necessary on less than ten (10) work days' notice, the Town may call upon the laid off employees, either personally or by telephone, until an employee who, in the opinion of the Selectmen or the Selectmen's agent is qualified and able to return to work immediately is located. In such case, the qualified employee able to return to work immediately will be given a temporary assignment not to exceed ten (10) work days, and employees who are otherwise qualified to perform the work but were passed over because of their inability to return to work immediately will be given notice to report for work at the end of said ten (10) day period.

Qualified employees who have been given notices to report for work must make themselves available for such work assignment no later than the end of said ten (10) work day period after the notice has been given or they shall forfeit such seniority status as they have accrued with the Town. However, should there be no work assignment when the employee does report within the ten (10) days set forth herein, then the employee shall retain his seniority status and be entitled to another notice of recall.

30 Agreement shall be covered with Term Life Insurance in the amount of two times
31 their annual salary. Life Insurance coverage provided herein shall terminate upon

ARTICLE XII

SICK LEAVE

1
2
3
4
5 A. The Town of Milford recognizes that from time-to-time, employees may be unable to
6 work because of illness or injury. The Town also recognizes that employees may
7 require time off to secure necessary treatment for disabilities and ailments. For
8 these reasons, the Town provides paid sick days to full-time regular employees.
9 Long-term illnesses may be covered under the Town’s Short-term Disability and
10 Long-term Disability plans. Please consult the appropriate policies provided to you
11 for further details regarding these plans.

12 B. An employee’s sick leave may be used solely for that employee’s own illness or
13 injury, however, up to forty (40) hours of accrued sick leave may be utilized per year
14 for the care of the employee’s spouse, children or parent(s).

15 C. Employees working the standard forty (40) hour week are permitted to take up to
16 eighty (80) hours of sick time annually, to be pro-rated for employees working more
17 or less than the standard work week. New employees shall accrue sick leave at a
18 rate of 6.67 hours per month beginning the first of the month following the month of
19 employment. Upon successful completion of the probationary period, the balance of
20 the maximum eighty (80) sick leave hours for the current sick leave year which had
21 not yet accrued will be credited to the employee’s account. Probationary employees
22 may not charge sick leave in advance of accrual.

23 D. In the event that a full-time regular employee uses sick leave in excess of eight (8)
24 consecutive calendar days and is enrolled in the Town of Milford Short-Term
25 Disability Program, the Town shall pay the difference between that employee’s
26 weekly rate of pay (less legal payroll deductions) and the amount received by said
27 employee pursuant to the Short-Term Disability Program, after the employee has
28 exhausted all sick, personal, holiday and vacation time against which to charge
29 payments, exempting at any given time, a current balance of not more than forty (40)
30 hours of annual leave (pro-rated for non-standard work week).

31 If an employee who returns to work following a six-month Short-term Disability
32 Leave should have to go out on another Short-term Disability (for the same
33 condition) within ninety (90) days of that employee’s return to work from the first
34 Short-term Disability Leave, then the Town will treat this event as the employee
35 being on Long-term Disability and will not again make the employee “whole” during
36 this second period of Short-term Disability absence except that the employee may
37 use any unused leave time he/she may have available against which to charge
38 time. In this instance, accumulation of all types of leave benefits will cease and
39 insurance coverage will remain in effect only with the direct pre-payment by the
40 employee, to the Finance Department, of the employee’s usual and customary
41 share of the monthly insurance premium(s) during the period of the Short-term
42 disability.”

43
44 Since disability income is subject to income tax, regular weekly pre-tax gross wages
45 will be used as the basis of the calculation; overtime, bonuses, and other

1 supplemental payments will not be included. An employee on Short-Term Disability
2 leave will not receive a wage rate increase until said employee returns to full-time
3 regular employment, said increase to be retroactive to April 1st.

4 **NOTE:** The above provisions apply only to non-work related disabilities. Work-
5 related injuries or illnesses are covered by the Town's Workers' Compensation
6 Insurance policy and Paragraph E. The made whole provisions of this section do
7 not apply to probationary employees.

8 E. In the event that an employee has been injured while in the performance of his/her
9 duties, and that employee's Workers' Compensation Claim is accepted, then that
10 employee shall be paid the difference between the employee's weekly rate of pay
11 and the amount received by said employee pursuant to the Workers' Compensation
12 Program (less legal payroll deductions, and less the amount of Federal Income Tax,
13 FICA and Medicare the employee would have had withheld from his/her regular
14 weekly pay) for a period not to exceed six (6) months from the date the injury
15 occurred (excluding any waiting period required by Workers' Compensation law) -
16 after the employee has exhausted all sick, personal, holiday, and vacation time
17 against which to charge payments, exempting, at any given time, a current balance
18 of not more than forty (40) hours of annual leave (pro-rated for non-standard work
19 week). Regular weekly pre-tax gross wages will be used as the basis for the
20 calculation-overtime, bonuses, and other supplemental payments will not be
21 included. An employee on Workers' Compensation disability leave will not receive a
22 wage rate increase until said employee returns to full-time, regular employment at
23 which time said increase shall be retroactive to April 1st subject to performance
24 review.

25 F. Effective January 1, 2012, all AFSCME members will transition to the Town of
26 Milford's sick leave plan as follows (effective 4/1/19 – removed reference to days
27 and using "hours" instead; sick hours changed from 64 to 80):

28 **Officers** – Regular full-time employees working the standard forty (40) hour week
29 are permitted to take up to 80 hours of sick time annually to be prorated for
30 employees working more or less than the standard work week. Probationary
31 employees may not charge sick leave in advance of accrual.

32 If an employee uses no sick time during the year, the 80 hours would be converted
33 to 40 hours of vacation time the following year, with the remaining time (40 hours)
34 available to go into a "bank" system.

35 An employee will be allowed to "bank" up to a maximum of 150 hours of sick time (in
36 addition to the 80 hours allowed each year) in order to have time against which to be
37 made "whole" during a period of short-term disability or worker's compensation.

38 If any sick time is used during the year, there would be a corresponding loss of sick
39 time. The first charge would be made against the banked time (maintaining the 40
40 hours of vacation time) and if more than 40 hours is used, all remaining time will be
41 charged against vacation time.

42 With the addition of up to one additional week of vacation time if no sick time was
43 used during the year and an employee was already at maximum accumulation,
44 maximum accumulation would then be increased by 40 hours as shown below:

<i>Years of Service as of Anniversary Date</i>	<i>Annual Vacation Allowance</i>	<i>Maximum Accumulation</i>
1 through 5	80 hours (+ up to 40)	160 hours (120 + 40)
6 through 10	120 hours (+ up to 40)	220 hours (180 + 40)
11 through 25	160 hours (+ up to 40)	280 hours (240 + 40)
26 and over	200 hours (+ up to 40)	280 hours (240 + 40)

NOTE: No cash out of sick time or “banked” time would be made at termination or retirement.

G. Sick leave may be utilized for absences due to illness, injury, or exposure to contagious diseases endangering the health of other employees; when recommended by the attending physician; for medical, dental, or optical appointments with prior approval of the employee’s supervisor, and for death within the immediate family in those rare cases where bereavement leave is not sufficient, as determined by the Chief of Police, or his designee. Sick leave shall be deducted on the basis of hours used.

H. Notification of absence due to sickness shall be given to the Senior Officer on duty at the time of the call prior to the start of the shift except in case of an emergency. If the senior officer on duty / officer in charge is not available, the employee calling must ask to speak to one of the Captains, or, if they are unavailable, to the Chief. If the Captains or the Chief are working a shift they are considered to be the senior officer on duty / officer in charge for that shift and should be contacted regarding notification in the first instance. Repeat notification should be given for subsequent days of illness. Failure to report such absence may, at the discretion of the Chief of Police, or his designee, be charged to leave without pay. The on duty Senior Officer will then assess the need for additional manpower and, notify the Captain or the Chief of Police of the situation.

I. Employees may be required to furnish to the Chief of Police, or his designee, a certificate from an attending physician or other licensed healthcare practitioner when sick leave exceeds three (3) consecutive work days, except that the Chief of Police, or his designee may, if concerned that an employee is not properly using Sick Leave, require that employee to provide a doctor’s note or certificate for Sick Leave absences shorter than three (3) days. Such certificate shall contain a statement that, in the practitioner’s professional judgment, sick leave, was, and is necessary. The Chief of Police, or his designee, will review such certification and determine whether it is adequate to justify the use of paid sick leave.

J. After consultation with the Chief of Police, or his designee, if an employee collecting Workers’ Compensation benefits is capable of returning to work under the statutorily-authorized Temporary Alternate Duty Program, in the same capacity or another position within the Town and the employee refuses to return to duty, the Chief of Police shall have the option of terminating that employee.

K. In accordance with Federal and State laws, a female employee who is unable to work due to pregnancy shall be considered temporarily disabled and shall be extended the same benefits and be subject to the same policies as any disabled

2023-2026 POLICE UNION CONTRACT

1 employee. The employee shall submit documentation from her attending physician
2 indicating the date she is no longer able to work and an estimated date at to when
3 she will be able to resume her duties. When the actual return-to-work date is
4 determined by the attending physician, it will be the employee's responsibility to so
5 inform the Chief of Police, or his designee.

6 L. Parental Leave may be permitted under the auspices of the Town of Milford Family
7 Medical Leave Act Policy. Employees who do not qualify for Family Medical Leave,
8 may be permitted to use up to forty (40) hours of sick leave, if available, for this
9 purpose upon request and with the authorization of the Chief of Police, or his
10 designee.

11 M. An employee who utilizes sick leave on the day preceding or the day following
12 vacation time shall not be compensated for said vacation time, unless sick leave is
13 taken for pre-scheduled medical attention or the employee provides a Doctor's
14 certification of illness or injury.

The arbitrator shall not substitute his judgment for that of the parties in the exercise of rights granted or retained by this Agreement.

3. The decision of the arbitrator shall be advisory only, but should the Selectmen refuse fully to abide by an Arbitration Award, then the parties agree to reopen negotiations on the issue of binding arbitration and go directly to a fact-finding proceeding. The parties will select a Factfinder by mutual agreement. In the event that such agreement is not reached, the PELRB shall appoint a Factfinder.

E. The expenses of the arbitrator shall be borne by the party against whom the arbitrator has found. No costs shall be incurred by the party in whose favor the arbitrator makes his finding.

F. Nothing contained herein shall be construed as limiting the right of any employee having a grievance to discuss the matter informally with an appropriate member of the Milford Police Department, and having the grievance adjusted without the intervention of the Union, provided the adjustment is not inconsistent with the terms of this Agreement and that the Union has been given the opportunity to be present at such adjustment and to state its views.

SAFETY ISSUES

- 1
2
3
4
5
6
7 A. The Union, by and through a duly authorized and recognized member of the
8 Bargaining Unit, shall immediately report any safety issue which may compromise
9 the safety and well-being of its members during their hours of employment.
- 10 B. Safety concerns must be presented in writing to the Chief. The Chief will respond to
11 the Union in writing within seven (7) days as to how the safety concern will be
12 resolved.
- 13 C. If the issue demands immediate action or remedy so that an employee covered by
14 this Agreement may continue performing his/her job safely and without the potential
15 for unnecessary harm, said employee will present the issue verbally to the Chief or
16 his designee. Appropriate action will then be taken by the Chief or his designee so
17 that the safety of said employee is not compromised. Following notification by the
18 employee to the Chief or his designee, the Union will subsequently issue a written
19 notice regarding said safety concern.
- 20 D. If the action taken by the Chief or his designee does not allow for adequate
21 resolution of the issue, the Union may present the issue and its recommendations to
22 the Town Joint Loss Management Committee. Both parties shall agree to accept the
23 recommendations of the Town Joint Loss Management Committee.
- 24 E. The Union shall appoint a member to serve as the Labor Representative on the
25 Town's Joint Loss Management Committee to present any safety concerns the
26 membership may have.
- 27 F. **Use of Privately-Owned Vehicle on Police Business.** It is acknowledged that
28 there are instances where members of the bargaining unit will be using privately-
29 owned vehicles (POV) for functions or purposes authorized by the Chief of Police or
30 designee. There may be instances where this POV is damaged in the fulfillment of
31 the authorized function or purpose. If damage occurs to the POV and the member
32 of the bargaining unit is found not to be criminally at fault and the activity is one that
33 was authorized by the Chief of Police or designee, or is a normal police purposeful
34 act, or is considered to be an emergency law enforcement activity or one of mutual
35 aid, the Town will consider on a case by case basis assisting the individual member
36 of the bargaining unit with costs not covered by the member's own insurance.
37 Mileage is reimbursed at the established IRS rate for uses of the POV when
38 authorized by the Chief of Police or his designee.

6
7 A. All disciplinary actions shall be in a fair manner and shall be consistent with the
8 infractions for which disciplinary action is being taken.

9 B.

10 1. All suspension and discharges shall be stated in writing and the reasons
11 stated and a copy given to the employee(s) at the time of discharge and the
12 Union within five (5) work days from the date of suspension or discharge.

13 2. If the Department does not follow Section B. above in the case of suspension,
14 then it shall be deemed that the suspension is without merit. When Section
15 B1 above is not followed in the case of a discharge, said discharge shall be
16 changed to a two (2) week suspension which shall be grievable.

17 C. Disciplinary actions will normally be taken in the following order:

- 18 1. Verbal Warning
19 2. Written Warning
20 3. Suspension without Pay
21 4. Discharge

22 However, the above sequence may be by-passed if an infraction is sufficiently
23 severe to merit a higher level of disciplinary action.

24 D. No employee shall be penalized, disciplined, suspended or discharged without just
25 cause.

26 E. Employees who are absent from work for more than five (5) working days and who
27 have not been granted a leave of absence during that period, or who do not present
28 justifiable evidence showing they were unable to report, shall be deemed to have
29 quit.

30 F. The personnel record of an employee will be cleared of oral and written reprimands
31 after a period of one (1) year from the date of the reprimand, provided there are no
32 similar infractions committed during the intervening period.

33 G. The personnel record of an employee will be cleared of suspension notices after a
34 period of five (5) years from the date of suspension provided there are no similar
35 infractions committed during the intervening period.

1 ARTICLE XXII - DISCIPLINARY PROCEDURES

3 H. The Town shall provide a reasonable opportunity to the employee who so requests
4 to inspect his employee personnel file and, further, upon request, provide such
5 employee with a copy of all or part of such file. The Town may charge the employee
6 a fee reasonably related to the cost of supplying the requested documents, however,
7 the aforementioned does not in any way require the Town to disclose information in
8 the personnel file of the requesting employee who is the subject of an investigation
9 at the time of his/her request if disclosure of such information would prejudice law
10 enforcement; or information relating to a government security investigation.

12 group of employees covered by this Agreement is found contrary to law, then such
13 provision or application will not be deemed valid and subsisting, except to the extent
14 permitted by law, provided, however, that all other provisions of the Agreement and
15 application thereof shall continue in full force and effect. The parties agree to meet
16 to negotiate with respect to the specific article, section or portion of this Agreement

21 implementation shall not be binding upon the Employer unless, and until the
22 necessary specific appropriations have been made at the Annual Town Meeting.
23 The Employer shall make a good-faith effort to secure the funds necessary to
24 implement said agreement at said Annual Town Meeting. If such funds are not
25 forthcoming, the Employer and the Union shall resume negotiations regarding the
