---

## Fire Prevention COVID-19 Operational Guidelines

### **Fire Inspections:**

Limited to essential and complaints (See guidelines below)

### **Essential Inspections:**

- Licensing inspections- Daycare, Foster care, Life Safety
- Mechanical Inspections (*Limited to new construction*)
- Gas piping(*Notarized affidavit from the installer stating he performed the pressure test and gas check*)
- LPG tanks and exterior piping (**Contractors are required to email pictures to the inspector for sign off**)

**All other inspections will be re-evaluated after April 17<sup>th</sup> 2020**

### **Complaints:**

These will be handled over the phone with limited site visits if possible.

There will be no public education, station tours, car seat and place of assembly inspections.

All burn permits will be issued on line only.

**No burn permits will be issued at the station.**

We will renew existing seasonal permits over the phone. Any **NEW** seasonal permittees will be required to obtain one day on line permits until further notice.

Master boxes will be taken offline by listed agents unless it is a true emergency.
